■ Not only does plain and bright furniture tend to optically enlarge spaces, but it also creates a friendly atmosphere for the learning and playing. All corners in this collection are rounded, and materials that are applied meet all safety regulations what is confirmed by both Polish as well as European certificates. Fronts are made from MDF plates repeatedly painted with appropriate paints, creating surfaces with high aesthetic values. The furniture corps were created from first-class laminated boards, while tops, crowns and slats from caramelized bamboo. Tandem tracks manufactured by the Blum CO guarantee a lifetime high quality of use.
